ZHEJIANG IGOTO ELECTRIC CO., LTD.

ENTERPRISE

BRIEF INTRODUCTION

Founded in 1999 and located in Yueqing, Zhejiang Province, China, Zhejiang IGOTO Electric Co., Ltd. specializes in the production of wall switches and nylon cable ties. The company has evolved into a high-tech enterprise integrating collaborative R&D, smart manufacturing, global sales and intelligent services.

With a mission to “Light up your world” and a vision “To be superior and intelligent, realize your dream”, the company is dedicated to enhancing product competitiveness, brand influence, and platform reach through investment in R&D, quality, service, and talent development.

Igoto promote the corporate spirit of “steady, tough, cooperative, progressive”, actively practice the core values of “keeping prestige, win the future with concentration”, and has successively passed the ISO9001, ISO14000, and ISO45001, as well as UL, SAA, PS, NOM, TISI, CE, CB, INMETRO, SGS, ROHS, etc., providing reliable and excellent products and services to global customers sustainably.

Igoto take “Chainization, Platformization, and Ecologization” as our development direction, and wish to work together with all stakeholders in a friendly manner to light up the world and win the future with a sincere heart!

Our Advantage

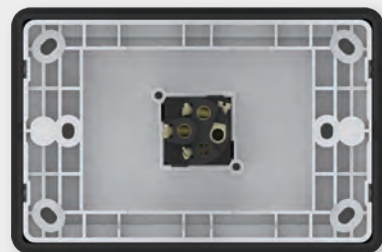

Imported PC material, Good impact,UV and high temperature resistance,Quick connection wire.

Features Of Switch

Our switch contacts are made of AgNi15 / Cu alloy, Good conductivity and long service life, Which conforms to the EU Rohs 2.0 standard.

Features Of Socket

The socket copper is made of tin phosphor bronze,which has the characteristics of high conductivity,not easy to heat,and strong fatigue resistance

PC Material Panel

Multiple combinations

Complete specifications

Multiple colors available

Our Advantage

Imported PC material, Good impact, UV and high temperature resistance. Quick connection wire.

Features Of Switch

Our switch contacts are made of AgNi15 / Cu alloy, Good conductivity and long service life, Which conforms to the EU Rohs 2.0 standard.

Features Of Socket

The socket copper is made of tin phosphor bronze, which has the characteristics of high conductivity, not easy to heat, and strong fatigue resistance

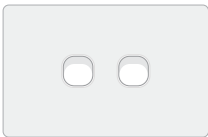

Other Colors Available:
